ESSEX Performance Boats

Vortex
 22' 6"

The Next Generation

"Essex Performance Boats has honed the complex process of building the custom bowrider into fine art. The *Vortex* exceeds the standards of today's custom boats, and excels into a class all it's own."

— HOT BOAT MAGAZINE

TODAY'S FAMILY OPEN-BOW MACHINE

The **Vortex** has a proven state of the art bottom design, which gives air entrapment only when needed. Providing great top end speed without sacrificing any of the stability that our customers expect.

Take note of our uniquely cut interior featuring a new ventilated seat design that releases heat by creating a natural airflow through cutaway chambers. Along with a bit more overall size, building an additional level of insulation from the elements, **Vortex** promises comfort with style.

Vortex's uniquely cut interior creates a boldly elegant passenger area integrating flowing shapes, soft padding, elongated recessed panels and a rare, new ventilated seat design. This unique driver and passenger seating is the perfect example of **Vortex's** cohesive visual appeal and styling.
