24' Valor

The Next Generation

"The combination of *Valor's* hydrodynamics set in motion a nice, level, exhilarating level of performance, tempered with a most predictable nature that is made to order for pure, family enjoyment."

— HOT BOAT MAGAZINE

TODAY'S FAMILY OPEN-BOW MACHINE

Welcome the newest member of our distinctly accomplished bowrider series performance boats, **Valor** — our most progressive design to date. The aesthetically rich Euro design brings refined excellence, and unparalleled pleasure, to this high-quality machine.

Take note of our uniquely cut interior featuring a new ventilated seat design that releases heat by creating a natural air flow through cutaway chambers. Along with a bit more overall size, building an additional level of insulation from the elements, **Valor** promises comfort with style.

Valor's uniquely cut interior creates a boldly, elegant passenger area integrating flowing shapes, soft padding, elongated recessed panels and a rare, new ventilated seat design. This sectioned rear bench is the perfect example of **Valor's** cohesive visual appeal and styling.
